

IMPORTANT: The book you are about to read contains information that is very comprehensive. This is not a novelty book or a satire-based document. This book includes real specific instructions on how to actually become a millionaire. The book is intended for people who are serious about making over a million dollars in the next 12 to 18 months and is geared for them. If you just downloaded this book for casual reading, that's fine, but understand that it is not meant to be entertainment of any kind. It's meant for the serious-minded business professionals who will take action and implement the million dollar strategy contained in this book.

How to Make \$1,000,000 Through You Own Automatic Small Business!

Introduction

It's extremely rare that a person is given the opportunity to make a million dollars. You may say that the opportunity may come along only once in person's lifetime. Such an opportunity is now presented to you in this book that you have downloaded. This is not some fluff theory or a theoretical thesis on making large sums of money. This book is the real deal. It actually shows you how to make a million dollars. Many will open this book, skim through it, and then set it aside until the time is right for them to read it. These people are not future millionaires.

A future millionaire will take this book and immediately read it several times and then take action by executing the plan inside this book. The good news is that the plan inside this book can be implemented by anyone, no matter who they are or where they are as long as they're committed. It doesn't require any type of special knowledge or technical skills to make it work.

So, if you want to make \$1,000,000 online automatically, then follow the step-by-step instructions in this book in detail.

Believe me this book is for you, if you're serious about becoming a millionaire and always wanted to know how.

There are many ways that you can make money on the Web, but in this book you will see a method that allows you to make unlimited money automatically.

This method involves using software and platforms that are available from the following companies. Bluehost, Paypal, ARI, ADFLY, and AWEBER. You may have heard of some of these companies and others may be unknown to you.

I will show you how to take advantage of these companies and their platforms to make unlimited money and even make yourself a millionaire.

I have used these companies to build a tremendous amount of wealth for myself and I'm going to show you the exact method I used and how you can do the same thing.

So, let's cut to the chase and get started.

Getting Set Up To Make A Million!

Step 1 - Bluehost:

Bluehost is a hosting company that allows you to get a shared hosting account for as little as \$5.95/mo. for what they call their “Plus” hosting account. You’re going to need hosting because you will be putting up landing platforms, sales funnels and payment processors. Bluehost is by far one of the best hosting companies and all the software I will tell you about in this book runs flawlessly on the Bluehost cPanel platform. When you get your account make sure you ask them to activate your **Free SSL Certificate** on your account. You will need it later.

Don't worry, you won't need any technical training or skills to do this because I'll show you how to get setup step-by-step.

The screenshot shows the Bluehost web hosting sign-up page. The browser address bar indicates the URL is <https://www.bluehost.com/web-hosting/signup>. The page displays three pricing plans: 'basic', 'plus', and 'choice plus'. A red arrow points to the 'plus' plan. The 'plus' plan is highlighted with a green border and a 'select' button. The 'choice plus' plan is highlighted with an orange border and a 'select' button. The 'basic' plan is highlighted with a green border and a 'select' button. The 'plus' plan is the most recommended option.

	basic	plus	choice plus recommended
price	normally \$7.99 \$2.95* per month	normally \$19.99 \$5.45* per month	normally \$14.99 \$5.45* per month

Make sure you choose the Bluehost “Plus” plan because it is the best bang for your buck for hosting this program. You can sign up for your Bluehost account here: [Click Here](#)

When you get to the Bluehost home page just click the green “Get Started Now” button and follow the instructions on the screen.

For your free domain name, choose something short that starts with “mdp,” like “**mdp5784.com**,” or “**mdp9054.com**,” or “mdp”

and any four digit number and “.com” behind it. Pick a domain that’s not already taken.

You want to keep it generic because the ARI SB1 Million Dollar Platform (MDP) is based on sub-directories and this way you can put up as many sub-directory web sites as you want with different types of content and not get penalized by Google because your domain name says one thing and your sites say something else.

Step 2 - Paypal:

The next platform that you will need to set up is Paypal. Paypal accounts are free. You’ll need to set up a free Paypal **business account**. The account is free and it will allow you to receive

unlimited single, as well as, reoccurring subscription payments from anywhere in the world that offers Paypal.

Paypal is a popular and proven payment processor that has been around for a long time and is stable and secure. The payments you will receive can come from credit cards, regular Paypal accounts, or business Paypal accounts. It doesn't matter, but to receive them all, you must have a Paypal business account.

If you have a regular Paypal account, you can easily set up your business account. To see how to set up a free Paypal business account go to this video: [Click Here](#)

Step 3 - ARI:

The screenshot shows a web browser window with the URL iecu7.com/aa-new-brand/. The page content includes:

- Small Business Manager** header with social media icons (Facebook, Twitter, Google+).
- To Tell a Friend: Click Here** link.
- VISITORS** counter showing 000016619.

ARI has the SB1 Million Dollar Platform that we will use to market and get subscribers. We'll use the ARI platform as the engine to drive our million dollar strategy.

Why ARI?

Because ARI is the only business system out there that has unlimited "First-up" subscription leverage, and that leverage is needed to make the million dollar plan work. ARI also has excellent pre-made sales funnels, websites, and college-level Internet Marketing training. Their products are all digital and they have great support. Plus an ARI monthly subscription only cost \$29.95 for unlimited use of their platform. To register: [Click Here](#)

After you become a member of ARI, your only requirement to be able to earn money through their platform is that you must give up the first subscription that you receive to your ARI Sponsor. Every subscription and payment after that goes to you. This is called "First-up." Once you have given your First-up, you are now cleared to earn unlimited money and you will receive a special piece of software called the "Qualified Plugin" that plugs into your ARI platform and allows you to receive unlimited payments from the program. To understand how First-up subscription leverage works in ARI, watch this video if you haven't already: [Click Here](#).

To get to our \$1,000,000 goal we are going to need two more platforms that will make the earning power of our ARI SB1 platform achieve its maximum potential and go into overdrive to a million dollars. These final two platforms are called **ADFLY** and **AWEBER**.

Once we have all of our pieces assembled, we will then be ready to implement our million dollar plan and this strategy will create an automated system that brings in lots of money each month as we approach our ultimate goal of one million dollars. The money will keep increasing and continuously growing. This million dollar strategy is also taught weekly in the ARI live training classes.

Step 4 - ADFLY:

If you have never heard of ADFLY, it's a tremendous URL shortening service that many people use to monetize the traffic to their websites and make extra money right from their homes.

ADFLY collects all of this traffic and then sends the Biz Ops, and Make Money Online (MMO) targeted traffic to your ad, squeeze page, or landing page. If you are reading this book, the chances are that you downloaded this book from a squeeze page that you may have reached through ADFLY or a similar service i.e.UDIMI.

Because ADFLY can send 10s of thousands of people to your ARI platform landing page each month, you can earn a significant amount of money automatically from that traffic because the traffic consists of targeted people who are looking for a way to work from home, earn extra money, and gain wealth.

Many fortune 500 companies use this same method to bring in tons of sales for their products and services and it's very effective. We will be using ADFLY, ARI and AWEBER to get the traffic, then process it, and then get the subscriptions we need to get us to our million dollar goal. ADFLY doesn't cost anything to join, but you will have to pay for the monthly campaigns you'll need to run to get the subscriptions. So, you will need an ADFLY account. You can go here to set up your account: [Click Here](#).

Step 5 - AWEBER:

AWEBER is an auto-responder service that will send special marketing emails (emails you get from ARI) to people who have signed into your ARI SB1 platform landing page to watch the video tutorial. Many people want to see this tutorial, who wouldn't want to know how million dollar leverage works?

After they sign into your landing page, AWEBER will keep sending them marketing emails reminding them of the opportunity and requesting that they take action to make a million dollars. So, with many people, it's a matter of timing. They need to be at a point in their lives where their daily activities and finances allow

them enough time and resources to set up and execute this million dollar strategy.

AWEBER will keep sending them emails explaining more about the program and why it works. When they are ready, they will get themselves set up to start earning money. Most of the people who read this book will not be ready to go immediately, but it is a certainty that a small percentage of them will get going and moving toward their million dollar goal at some point. The entire strategy of the video and this book and the million dollar program is based on the assumption that only a very small percentage of people will execute this plan. And, as you will see, with only that small percentage, you can make over a million dollars automatically. You will see how it's done in the sections below.

The follow-up emails that you will need to load into AWEBER are very compelling and will be given to you with your ARI platform. An AWEBER account cost \$19.95/mo. for 500 subscribers and \$29.95/mo. for 2,000 subscribers. You can start out at the \$19.95 level until your subscribers get over 500 and then you can upgrade to the next level. To sign up for AWEBER: [Click Here](#)

After you have all your platforms set up and ready to go, you will then start to implement the million dollar plan explained below.

Implementing Your Automatic Million Dollar Strategy!

Once you join ARI, you will get the **SB1** platform by going to your back office and downloading your SB1 business packages. There are many products and systems in the back office, but you'll want to go to the sidebar and click the **SB1 SYS** button to reach your downloads for the million dollar SB1 platform. You will download all of the packages. Watch this short video: [CLICK HERE](#)

You will also receive your copy of the SB1 free give-a-way book that has MRR rights so you can customize it with your contact information using MS Word or another document editor. You will be shown step-by-step exactly how to do everything. Here's a picture of the SB1 book (it's the same book you're now reading):

The platform consists of a landing page, two video pages, a registration page, download unit, and your free give-a-way book. It is a complete “business-in- a-box” platform. AWEBER follow-up emails will also be a part of your SB1 packages that you download from your ARI back office. You will be shown how to customize these emails in AWEBER and put your information on them so that people will be able to respond back and send their subscriptions and payments directly to you.

So How Does This Work?

You may not know this but ADFLY gets millions of visitors every month and puts up displays ads whenever anyone clicks on any of their millions of shortened links. When that link is clicked, people will see your high converting ARI platform landing page for 5 seconds and you will get a chance for them to opt-in and watch your million dollar leverage video, get their book, and then register for a subscription to the ARI million dollar SB1 program.

Now, the number of people who will see your specific SB1 landing page will be in the thousands each month, but the opt-in and conversion rates are very low. In other words, out of the thousands of people who see your page, there will be a certain very small percentage who will opt-in, watch your video, download your free book, and then subscribe to the program. Those percentages are small but very steady and represent people who are extremely interested in becoming millionaires. For example, if 7,000 people see your million dollar landing page on your ARI platform, about 2%, or .02 will opt-in and watch your video tutorial. That means about 140 people will watch your video.

However, don't be concerned about that because the million dollar strategy is based on getting only a small percentage of

responses for you to be successful. So if 7,000 people visit your site and only 2% of them watch your video, that's 140 people ($7,000 \times .02 = 140$). Because of the leverage of ARI, it doesn't take much to keep moving towards the million dollar mark.

After they have watched your video and downloaded your book, AWEBER will kick in and start sending out a series of powerful special marketing emails, reminding past visitors that they watched the video and downloaded your book because they wanted to become millionaires to solve their money problems and enjoy a luxury lifestyle. The constant drip, drip, drip of the AWEBER marketing emails will get a very small percentage of those people to subscribe to the ARI million dollar program and then give you their "First-ups." So, if 7,000 people see your landing page, you can expect that .1143% or .001142857 of them will really want to try to become millionaires. They will read your free book, understand it, and then join the program. That means that about 8 new people will register with ARI and start new First-up payment lines for you each month ($7,000 \times .001142857 = 8.0$).

"You only need a small amount..."

If you understand the ARI First-up subscription leverage platform (watch this video if you haven't seen it: [Click Here](#)), you know that you only need around 17 active subscription payment lines to have the potential to make over one million dollars. In fact 17 payment lines can potentially pay you \$1,224,000 in 12 to 18 months, because each payment line has the potential to pay out over \$6,000 or more a month ($17 \times \$6,000 \times 12 = \$1,224,000$) over time. But, because we're not going to leave anything in your million dollar strategy to chance, the million dollar plan is designed to produce over 72 payment lines for you within a 12 to 18 month period. That's more than enough to give you the potential of becoming a millionaire many times over. Take a look:

Let me put this in perspective. [Direct mail response rates](#) are a benchmark in the marketing industry. The response rate on a direct mail campaign ranges from 4% to 5% per mailing. With this strategy we are only talking about a response rate at the 2% or .02 level with only a conversion rate of .1143% or .001142857 for those who are highly interested. That's so small it's 1/10th of 1%.

Think about it, how many chances will you ever have in your life to really become a millionaire? The potential here is huge and you must understand that. With your ARI landing page and leverage platform, you are not asking visitors to buy anything. You're only asking them to watch a short video and read. After all, who doesn't want to know how to leverage themselves to become a millionaire? Isn't that why you watched the video?

There will be a certain amount of people who really have the desire to make a million dollars and will take action. They'll understand this unique opportunity and they will successfully execute this million dollar plan and reach their goal. This small percentage of people can make you rich while they themselves get rich. It's truly a win-win opportunity. Everybody wins and you become a millionaire in the process. What's great here is that you can get over 7,000 real visitors to your ARI platform page each month for just around \$35. If you wanted to use more powerful

advertising services, you could try <https://mediatraffic.com/>, <https://www.rtxplatform.com/>, <http://www.advertise.com/>. These platforms cost a little more to advertise but give good results as well. You can also get the same good results from **SOLO Ad Advertising**. ARI will show you how to use them in your live training. Remember, you're going to be a millionaire, so don't sweat the small expenses. After all, you can write everything you spend on your marketing campaigns right off your taxes. For good SOLO Ad vendors who you can use to target people looking for opportunities to create wealth go to <https://udimi.com/> .

Sure, a lot of visitors to your ARI platform landing page will leave after 5 seconds, but there are 10s of thousands of people out there who want a chance to make a million dollars and will fully commit to this plan. Those are the people who can make you rich as they grow rich. It's a no-brainer, if you want a real shot at becoming a millionaire, this is your plan.

What happens if one of your lines stop growing? Well, ARI has a "Locked-in" mechanism in their platform to prevent stoppages. But, putting that aside, all you would have to do is replace the stopped line. Remember, the system is designed to create 72 subscription payment lines in 12 to 18 months. You only need to maintain 17 active lines to get rich.

Conclusion!

So, all I have to say in closing is, of course there are some risks involved in any method for making large amounts of money and this is common in every business. The thing I want you to focus on most is that there are very few times in a person's life where they can really have the opportunity and potential to make a million dollars. That's why you need to act now.

You may be saying, "If this plan can make a million dollars, why isn't everybody doing it?" The answer is because not very many people know about this plan or the ARI platform, or Adfly, or even Udimi. Let's face it, have you ever heard of ARI before downloading and reading this book? ARI has been around for over 3 years now and they have tons of different business programs, products, platforms, and many members, but you've never heard of them, have you? Now the word is getting out and it won't be long before it spreads like wildfire.

Because this book is out there, more and more people will be using this million dollar strategy to get rich. I hope you are one of them. That's why you should execute this plan as fast as possible because the more people who use this million dollar strategy, the

harder it will be for you to become a millionaire. Remember, Facebook started on a bed in a college dorm room, Amazon started because a guy wanted to get rid of some used books online. And now, the ARI SB1 platform can be used to make a million dollars because a guy wanted to show others how million dollar leverage can work for average people. Don't miss out!

By the way, anytime you want to discuss this plan or get more information or assistance in setting it up, my contact information is directly below. If you need help with Bluehost, Paypal, Adfly, or Aweber, or Udimi you need to contact those vendors directly. Are You The Next Millionaire?

Bonus Step - UDIMI:

What are Udimi Solo Ads?

Udimi is a powerful network where owners of large email marketing lists can sell advertising to individuals seeking to reach 10s of thousands of biz ops, make money online, MLM, direct sales, and affiliate marketing people. You can make your own ad or have the owner of the email list make one for you. Once your ad is made and your email blast is scheduled, the owner of the list will send your advertising email to their subscribers, which usually ranges from 8,000 to 50,000 targeted business-minded people.

What Is a Solo Ad?

"Solo" means "single" or "one." This means that your ad gets one mailing that goes out to the owner's email list (8,000 to 50,000 people). A publisher or list owner (also called, "SOLO Seller" or "SOLO Vender") has a list of email addresses that is composed of their private subscribers and/or prior buyers. You, as an advertiser, write a sales ad in an email format ("email swipe") with a link to your webpage. And then a SOLO AD Seller sends your email ad out to their list of 8,000 to 50,000 people for a fee.

Udimi - How Much Does It Cost You?

Free to sign up, but you make a payment in advance (for each email campaign you run). You are charged per click for each click of your link in the email ad that is sent out. You'll only be charged each time a recipient clicks on the link to open your webpage. Plus you'll pay a \$3 flat administration fee to the Udimi network each time you place a solo ad order for a campaign. The typical fee you will pay a SOLO AD Seller is anywhere from \$0.35 to \$0.65 per click. The number of clicks you can buy starts from as low as 50 and can go up to 1,000 if you're a really big spender. So if a seller's fee is **\$0.50 per click** and you want your email ad link clicked by **100** people to visit your website, it will be **\$50**. Plus **\$3** admin fee = **\$53 in total**.

Why is UDIMI so Powerful for Getting Subscriptions?

The reason why UDIMI is so powerful is because the owners know their lists, and their lists are specifically targeted to reach people who are interested in making money online, or starting a small business, and these people make purchases. The list owners are laser focused on making you sales/subscriptions because they know that if you don't make sales/subscriptions from their lists, you won't buy from them again. So, they keep their lists targeted and current all the times.

By comparison, ADFLY goes out to 10s of thousands of people also, but these people are not targeted. They are just people that have expressed some interest in making money, whereas the SOLO AD Sellers have lists of people who have subscribed to them, or have bought from them in the past, and they also know what types of opportunities these people are looking for. The UDIMI network itself is like the town marshall who makes sure the SOLO AD Sellers are legit and have real people on their lists, and keep their list current. UDIMI ensures that you get real clicks from real people to your website links in your email ad.
